RE: Numbering of special session journals

The House will begin the First Special Session on May 14, 2002. For listing purposes, the special session journals will be numbered as meeting days 31, 32, etc. so that the 2002 regular session journals (days 1-29) are still accessible. The calendar day for special session journals will be correct. In other words, day 31 will be the journal for May 14, the first day of the special session., and day 32 will be the journal for June 3, the second day of the special session.
